

Tanner R. Frisby, M.E.

Specialized Professional Competence

- Crash reconstruction and failure analysis.
- Vehicle dynamics testing and instrumentation, vehicle parameter measurement, and data analysis.
- Computer aided engineering and computer modeling of design.
- Analysis of mechanical designs including the identification of failure modes and assessment of consequences of failure.

Professional Qualifications

- Dynamic Analysis Group LLC, 2021-Present
Engineer
- Bachelor of Science - Mechanical Engineering, 2017
Texas A&M College Station
- Master of Engineering – Interdisciplinary Engineering, 2019
Texas A&M College Station
- DrawWorks LP, 2017-2019
Mechanical Engineer
- Rolling Smoke MFG, 2019-2020
Mechanical Engineer
- Certifications, Memberships and Activities
EIT certificate
Society of Automotive Engineers
Texas A&M FSAE Team
