

Steven B. Hormann

Specialized Professional Competence

- Crash reconstruction and failure analysis.
- Computer aided engineering, computer modeling, and data analysis.
- Advanced Driver Assistance Systems (ADAS).
- Analysis of mechanical designs including the identification of failure modes and assessment of consequences of failure.

Professional Qualifications

- Dynamic Analysis Group LLC, 2023-Present
Engineer
- Bachelor of Science - Mechanical Engineering, 2021
The University of Texas at Austin
- Tesla, Inc., 2022-2023
Operations Advisor
- Trumbull Unmanned, 2019
Engineering Intern
- HTX Aerial Photography, 2015-2018
- Certifications, Memberships and Activities
Engineer in Training (EIT) Certification
Society of Automotive Engineers (SAE)
American Society of Mechanical Engineers (ASME)
The University of Texas Longhorn Band
Boy Scouts of America – Eagle Scout Award
